## February Newsletter

Dear Friends,

*"I expect to pass through this world but once; any good thing therefore that I can do, or any kindness that I can show to any fellow creature, let me do it now; let me not defer or neglect it, for I shall not pass this way again," Stephen Grellet. We never want to think about how our time on Earth is finite. We prefer to live under the illusion that we will stay young and healthy forever, that we have plenty of time to do everything on our bucket list. We tell ourselves next year we will make time to volunteer. Next year we will help that family that doesn't have a lot of food or a place to live. But something always seems to get in the way of the best laid plans. We learn that at some point we have to quit saying next year and say now. So, join with me in saying this year is the year we will make a difference. We may never see the difference what we choose to do makes, but it will make a difference. It will make a difference not only in the life of the people who receive the blessing immediately, but in the lives of their family, friends and community.*

Thank you to everyone who remembered the ReStore as you are cleaning out and reorganizing! Your support helps us to continue to build homes. Reduce. Reuse. Recycle. Call 699-1570 today to schedule a pickup of your donation.

## **Builds Update**

### **Dothan Build**

We are getting the plans in place for our Dothan build to begin in the winter! We look forward to partnering with individuals, businesses and churches for volunteers for this build! This will be our third home in the Cloverdale area. Many volunteers have already expressed an interest in working with us. We will post updates on our website and Facebook.

Future home-site for our next Dothan build.

---

### **Daleville Build**

We are so grateful for the grant we received to help build a single mom and her three teenagers a home in Daleville. We have been blessed to have the land donated for this home.

There will be many opportunities for volunteering on this home. Plans are being made for this home to begin in 2016.
