# November Newsletter

Dear Friends,

*We all begin to count our blessings this time of the year as we approach the holidays. The holidays remind us how much we truly have to be grateful for that we take for granted: a roof over our head, food on the table and electricity to keep us comfortable throughout the year. And those are just the basics. I am so appreciative that I have a home to share Thanksgiving and Christmas with my family and friends. I am so grateful that I have a job that helps individuals and families now have a home of their own for the holidays. I am thankful for the wonderful people that I work with who share the heart for our mission to help build stability and strength for individuals and families through homeownership. I am thankful for our volunteers who give up their Saturdays and other days off to work on homes. I am thankful for our donors that give their treasure so that we can build homes.*

*We are building homes and creating communities while working to break the cycle of poverty so many families still live in. We are building homes so that our homeowners can create memories of Thanksgivings and Christmases. We are building hope for a better future for them, their children and generations to come.*

**stop by and welcome our new ReStore Manager, John Boss! We are happy that he has joined our amazing ReStore team.**

**While John hails from Louisiana, he and his family lived in Dothan several years ago before returning to**

**Louisiana. They decided to return to Dothan and make it home again. We are excited to have him with us. Reduce.**
