August Newsletter

Dear Friends,

This time of year parents, grandparents and guardians are sending children back to school, from elementary to high school to college. We send them with advice and rules. For the younger children, we tell them not to talk to strangers. Look both ways before crossing the street. Pay attention to the teacher. For those off to high school and college, we offer the same but also different advice. Be careful driving and be aware of other drivers. Come straight home from school. Remember what you do now helps your future. But one of the most important pieces of advice we can give them is how to treat others. In a world filled with so much need each one of us can make a difference to someone. We might not even realize that we have made the difference simply because we didn't realize we were exactly what someone needed that day. All we need to know is that we tried to make this world a better place. "No act of kindness, however small, is ever wasted," Aesop.

It's hard to believe that school is back in session and the summer is over! As you send the kids off to school and begin to think about remodeling or buying new appliances or furniture, remember the ReStore! Your donations help us continue to build homes in the Wiregrass while keeping items out of the landfill. Reduce. Reuse. Recycle. Call 699-1570 today to schedule a pickup of your tax-deductible charitable donation.
