I don't know what it is like to feel unsafe in my own neighborhood. It wasn't something I thought about a lot before I began working with Wiregrass Habitat for Humanity. But now I have been in those homes. I have seen conditions just like these where individuals and families have no option but to live in dismal conditions just to have a roof over their heads, even if it is one riddled with holes. Dothan Build

Building walls and raising them with Coleman Worldwide Moving employees was such a blessing! What a fun build this has been and will be by partnering with Coleman Worldwide Moving and others within the community. Thank you for your support!

Thanks for taking the time to catch up on your local Habitat affiliate. Hope to see you on a job site, at the Habitat ReStore, or at a home dedication sometime soon!
