March Newsletter

Dear Friends,

It has been such a busy six months at Wiregrass Habitat. We moved into our new building. We have finished and turned over the keys to our 128th home. Planning has begun for home 129. Homeownership classes have begun for the most recent group of future homeowners selected. It's amazing how much has happened in such a short time! Many people asked us why we changed locations, especially as we only moved across the street. We leased our old location and our lease was ending soon. When deciding whether to renew our lease, we discussed how we encourage ownership and investment within the community. We decided to lead by example and reinvest in a building of our own. We were so blessed to have this opportunity and realize this move would not have been possible without the support of our community and volunteers. Thank you to all who have helped through your time and talents. You are truly appreciated.
