

Dear Friends,

Have you ever wanted to change something but thought you were just one person, what could you do? It only takes one person to start a change. It begins with an idea, a hope to see something better than it is now. All the great inventions began with an idea. All the great changes began with an idea. For us, the idea began with two women in 1990 who saw the need for affordable housing in the Wiregrass. They saw how many families and individuals could not afford decent shelter. They knew that shelter could build strength, stability and self-reliance. They knew the positive impact it could have on our community. Because they had that idea, that vision, you have helped build 128 homes. Because they took that first step, you have helped over 200 homeowners with critical repairs, weatherization and

wheelchair ramps. Because of their vision and because of your support, Wiregrass Habitat for Humanity continues to create generational change, stability and wealth through affordable housing.

Walls are up and trusses are on! Thank you to Publix for helping build and stand the walls. The family is excited to see their home in progress!

Donations wanted!

Do you know that every donation made to the ReStore is helping the environment?

For every donation we receive, that is thousands of pounds diverted from the landfill. An estimated 250,000 pounds of donations have been received by the ReStore over the last year. Thank you for helping keep it out of the landfill and helping us continue our mission to build affordable shelter!

Stop by the ReStore at 2086 Montgomery Highway Thursday and Friday, 9:00 a.m. to 5:00 p.m. or Saturdays 9:00 a.m. to 3:00 p.m. to pick up what you need. Reduce. Reuse. Recycle. Call 699-1570 today to schedule a pickup

Thanks for taking the time to catch up on your local Habitat affiliate. Hope to see you on a job site, at the Habitat ReStore, or at a home dedication sometime soon!
