

Dear Friends,

It's hard to believe it's been seven years since I began my journey with Wiregrass Habitat for Humanity. We have sold a building, leased a building and bought a building. We have grown from a staff of three to 11. Together, we have built 11 homes with the 12th under construction and performed over 100 critical home repairs and weatherization projects. Blood, sweat and tears have been shed. We have celebrated with new homeowners. We have mourned the passing of others. No longer are we just co-workers or homeowner and mortgage company. We are family.

While my time at Wiregrass Habitat for Humanity is at an end, it and its people, this family we became, will always have a piece of my heart. Thank you. Thank you for seven wonderful years and so many amazing stories and memories.

and peace—in the world.” —Jeff Olson, Live Happy founder*
