## November Newsletter

*Dear Friends,*

*"I am only one, but still I am one. I cannot do everything, but still I can do something; and because I cannot do everything, I will not refuse to do something I can do," Edward Everette Hale. Most of us have thought about donating to help an individual, a family or a group. But then we ask ourselves would it really make a difference. Is my small donation really going to change someone's life? We don't have enough to give that would build a house or even make a dent in the cost. But what if everyone said that and no one did anything? It is amazing how a little bit can go a long way. If 10 people gave \$20 a month, that would pay for the flooring in a home. Now, imagine if those 10 people each encouraged 10 friends to give \$20 a month. That would lay the foundation, build the walls, put on the roof, and buy the doors and windows for a home. When we work together, small amounts can do great things.*

*This year, we will be participating in #GivingTuesday. Giving Tuesday started with a simple idea: be a counterpoint to consumerism of Black Friday and*

**Are you considering replacing furniture or appliances during the holidays? Remember the ReStore when you are moving your gently used, but still good condition, furniture and appliances out! Not only will you help keep items out of the landfill, but you receive a charitable tax donation and help us continue to build homes! Reduce. Reuse. Recycle. Call 699-1570 today to schedule a pickup of your donation.**

[Donate](#)

*Cyber Monday. Think about Giving Tuesday as disaster fundraising in reverse. In a disaster, the tragedy brings people together to rally around those in need by supporting organizations that can make an impact. On Giving Tuesday, the movement rallies people around their desire to do good. It's not an obligation - it's an opportunity to be part of something that's big and meaningful and it feels great.*

*Amy Schutz  
Executive Director*

## **Builds Update**

The support of the Wiregrass is why we can keep building! Thank you from

## Wiregrass Habitat for Humanity and our homeowners!

Looking for something to do during the week?  
Want to learn a new skill? Saturdays are not our only volunteer day! Mr. Bob works on the house during the week! Call the office to let us know you want to help him and learn new skills at the same time!

---

## Dothan Build - Almost Done!

We cannot believe this home will be move-in ready in December! It seems just like a week ago we raised the walls with Wells Fargo volunteers and members of our Women Build. With only the sod to be laid by volunteers we are so close to finishing this home. Thank you for your hard work and time so that we are able to have the Jackson family in their home to celebrate Christmas!

---

Dothan Build

We are getting the plans in place for our Dothan build to begin in the winter! We look forward to partnering with individuals, businesses and churches for volunteers for this build! This will be our third home in the Cloverdale area.

Future home-site for our next Dothan build.

---

### Ashford Build

While we are building in Dothan, we are also planning for our next build as well! This family of three will be living in the Ashford area to be close to family. This is another great opportunity for the family and only our second home to be built in Ashford.

---

## Daleville Build

We are so grateful for the grant we received to help build a single mom and her three teenagers a home in Daleville. We have been blessed to have the land donated for this home.

There will be many opportunities for volunteering on this home. Plans are being made for this home to begin in 2016.

---

Thanks for taking the time to catch up on your local Habitat affiliate. Hope to see you on a job site, at the Habitat ReStore, or at a home dedication sometime soon!

**Amy Schutz, Executive Director  
Wiregrass Habitat for Humanity**

Creating simple, decent, affordable housing in partnership with low-income families, volunteers and the communities of the Wiregrass.
