

**Dear Friends,**

*How often have you thought if I were 25 again, I would do (fill in the blank)? How often have you heard someone else say it? While man has accomplished many amazing things, time travel is not one of them. But as C.S. Lewis said, "You are never too old to set another goal or to dream a new dream." What is your dream? What goal have you set for yourself? Our homeowners dreamt of owning their own home. Most thought that would never be possible. They thought they didn't make enough money. Or maybe their credit wasn't good enough. But because of your generosity, because of your time and talent, they do. They have an affordable mortgage. With every mortgage payment they are building equity not only in their home, but in their future. Because they had a dream and you provided the answer to that*

*dream, 128 homes have been built. Because they had a dream and you provided the answer to that dream, hundreds of children have a safe place to call home. Because they had a dream and you provided the answer to that dream, families all over the Wiregrass thank you.*
